

LUNAR[®]
A Leading Light

The 2018
Lunar
Caravan Family

It's when we're away that we feel closest

There's no place like home. Apart from your home from home.

When we're in amongst our everyday lives,
the hubbub takes over. It's a blur of school runs,
shopping lists, work and stress.

But when we're away – when we can escape
– it's time for what matters. Each other.

Here, in your Lunar Caravan, it's time to gaze at
sunsets and wade in the surf. It's time to explore
new places and settle into favourite spots.
It's time to reconnect and enjoy each other's company.

At home, we simply live together.
In a Lunar Caravan, we get to be together.

A holiday like no other

5 Star Retreat

Contemporary hues, opulent features and a wealth of comfort; every Lunar Caravan is designed with meticulous attention to detail.

With new soft furnishings, a range of new locker door designs and stylish new touches to our kitchens and washrooms, it is easy to see why our interiors are described as luxury boutique.

Lightweight Philosophy

Throughout the decades our philosophy has always stood strong; design with luxury then add lightness. The result is a range of caravans that are stunning by design, luxurious in features and incredibly light in weight. In a world of lighter cars and higher travel costs, our philosophy brings dreams to life through the creation of a caravan that provides 5 star luxury, is economical to tow and allows a wide choice of tow car.

The Light Fantastic

With a sleek new sunroof and ambient lighting in our Quasar models, we've introduced soft, natural light into every corner to extend the sense of space. Plus in our Quasar, Stellar, Lexon, Clubman and Delta models, our 'Skyview' roof light ensures that you'll always have light above, whether you're looking up to blue skies or gazing at the stars.

Better By Design

We combine the techniques of traditional craftsmanship with state of the art design and materials. The result is a superior caravan that is not only light in weight but also full of quality. We are also working with the University of Central Lancashire (UCLan) in Preston, harnessing their research expertise on the kind of projects that will help us develop the caravan of the future.

Ariva & Quasar Family

Elegant. Light. Illuminated.

01

02

01 | New soft furnishings in 'Vibe', 'Crema' locker doors and front fascia with built in lighting.

02 | Quasar 462 – spacious 2 berth with large end washroom.

The Ariva and Quasar range boasts a portfolio of 2 to 6-berth luxurious models, all light in weight and designed with enviable features.

With an exterior that oozes alluring good looks and a new sunroof that illuminates the comfort inside, the Quasar range never fails to impress.

From the moment you step inside, you will be drawn to the ambiance of the new 'Vibe' soft furnishings and the sleek lines of the new 'Crema' locker doors and corner storage lockers. After the sun sets, you can unwind in an array of opulent new lighting while you gaze at the stars through our 'Skyview' roof light and new integrated sunroof.

Our kitchens offer the perfect balance of style and practicality, with the new addition of a dazzling splashback design and stunning locker doors in 'Light Canvas', matched with a new laminate worktop.

Each Quasar washroom is designed with a contemporary colour palette of white and cream, and has a top-mounted bowl with swivel tap, as well as a large luxurious shower.

03

04

05

03 | End washroom with large shower, top mounted bowl and swivel tap.

04 | New Quasar 674 – 4 berth with transverse island bed and end washroom.

06

05 | Quasar 586 – with new sunroof and decal design.

06 | New 'Twirl' splashback, 'Light Canvas' locker doors and 'Fawn Slate' laminate.

01 | Quasar 554 – 4 berth fixed single beds and end washroom.

02 | Quasar 524 – with side dinette and shown in optional 'Aqua Clean' soft furnishings scheme.

03 | Lift-up work extension (model specific) and new chrome tap.

04 | Quasar 586 – fixed double bunks and spacious corner washroom.

05 | 'Easy Action' slide out bed bases.

06 | Transverse island bed with 'Easy Action' day/night mode. Mattress extension also available.

07 | Quasar 462 – with new sunroof and decal design.

Stellar & Lexon Family

Contemporary. Light. Inspiring.

01 | New soft furnishings in 'Malawi', 'Pearl' locker doors and chrome handles.

02 | New Lexon 660 - twin axle 4 berth with transverse island bed and end washroom.

The Stellar and Lexon range is a fusion of unmistakable style and sophistication, across the 2 and 4-berth models.

With a range of new features, the exterior will captivate you – from the wrap-around gas locker door and grab handles, to the radiant decal designs and handy awning light.

Inside, you will be wowed by all the new touches. There is the sumptuous 'Malawi' soft furnishings, stunning locker doors in 'Pearl' and eye-catching chrome handles. With light reaching into every area from the 'Maxi Skyview' and integrated sunroof, we have created the perfect space for entertaining and relaxing.

If you have always dreamed of a designer kitchen then these models won't disappoint. Our kitchen areas

are styled with a contemporary splashback design, alluring locker doors in 'Grey' and a co-ordinated laminate worktop.

Our washrooms offer the feel of a spa experience. They have a luxurious new vanity area, with a Belfast-style sink and a re-designed mirror area that offers a beautifully lit backdrop.

Fresh for 2018, the twin axle 4-berth Lexon 660 is a fitting addition to a range defined by luxury – offering a gorgeous lounge and high specification kitchen, leading through to a transverse island bed with 'Easy Action' day/night mode and end washroom.

03 | End washroom with new vanity area and a large shower with decorative riser bar.

04 | Stellar – 2 berth with corner washroom. Shown in optional 'Aqua Clean' soft furnishings scheme.

05 | Lexon 590 – with new gas locker and decal design.

Clubman & Delta Family

Exquisite. Light. Iconic.

01

The Clubman and Delta range is breath-taking in every sense of the word. Combining opulence with extravagant style, each 2 and 4-berth model is undoubtedly true Lunar pedigree at its finest.

With a series of new features, from the elegant decals to the smooth flowing lines of the wrap-around gas locker door, the exterior design radiates beauty. The new grab handles, awning light and black A-frame add the perfect final touches.

To add a touch of glamour to our fixed-bed models we have added a luxuriously finished headboard, while in the boutique styled washrooms a new Belfast style sink with a re-designed back-lit vanity area creates the perfect ambience.

Within each model, the interior blends seamlessly with touches of duck egg blue and cream from the new 'Durango' soft furnishings. The new locker doors in 'Magnolia' are complemented by the new locker handles and luxury pile carpet. The contemporary styled kitchen area has a new splashback design in 'Twirl', 'Magnolia Gloss' locker doors, chrome tap and 'Dover' laminate worktop.

For 2018, the range sees the launch of a new twin-axle 4-berth Delta TR, featuring a large rear island bed and a spacious mid washroom.

Clubman & Delta Layouts

01 | Transverse island bed with 'Easy Action' day/night mode. Mattress extension also available.

02 | Fully integrated sun roof with market leading size 'Maxi Skyview' roof light surround with inset lighting.

Frequently asked Questions

Q Can I change the upholstery scheme?

A Yes, any of the other standard schemes can be specified for an additional cost. There is also the option of the 'AquaClean' stain resistant fabric for which a charge will be applied. Please note that the full make-up may not transfer depending on your choice. Please ask your dealer for further details.

Q Are the fixed bed dressings included with our caravan?

A These are not included with the purchase of your caravan but they can be bought separately from Belfield Furnishings Group. Please call 0115 907 1700 for more information.

Q What is included in the Mass in Running Order (MRO)?

A The MRO is the weight of the caravan as it leaves our factory (inclusive of 6kg electric mains cable and 1kg steady winder plus an 8kg gas bottle allowance). Note: The MRO is calculated with the water tanks during travel must be accounted for in the user payload. It is also advisable to empty such tanks prior to transit.

Q What insulation grade are Lunar Caravans rated to?

A After comprehensive testing in a cold chamber facility, Lunar have been awarded Grade 3 classification. Please ask for further details.

Q Can I upgrade my weight plate?

A Some of the caravans can benefit from an increase on the weight plate, so a higher payload can be enjoyed. This differs from model to model so please ask for further details.

Q Is there a provision for air conditioning units?

A Yes, all the Lunar Caravans have been audited for air conditioning compatibility, please clarify with your dealer.

Q Can I take my caravan to any Lunar dealer for servicing or warranty work?

A Any Lunar or Venus dealer is authorised to carry out servicing or warranty work, so can any member of the approved workshop scheme. This is at their discretion so we would recommend you contact your preferred choice to ascertain if they will offer this service.

Q Can I fit a bike rack to the rear of a Lunar caravan?

A Due to the instability of these items, we do not recommend the fitment of rear bike racks.

Q Can I extend my body integrity warranty cover?

A Yes you can extend this cover to 10 years. Please ask your dealer for more information.

Q What does the iNet ready symbol mean on my Truma digital control panel?

A This symbol means that your Truma heating and hot water system can easily be upgraded to use the new Truma iNet control system.

The Truma iNet System enables the combi heater to be remotely controlled anywhere and at any time; be it on the ski slopes, at the beach or whilst out walking. The Truma iNet System allows you to control the unit easily and simply via the Truma app from wherever you are, and to query the current device and vehicle status.

This makes life whilst camping even easier and more comfortable.

Please ask your dealer for more details.

Range Features

Ariva & Quasar Features

Safety and Security Features:

- CRIS tamper proof / evident vehicle identification label
- European Whole Vehicle Type Approval
- AL-KO AKS stabiliser
- AL-KO - Secure receiver

- Pan door beneath oven
- Large domestic style shower cubicle with decorative riser bar, integral lighting and decorative panel (end bathroom models)
- ALDE Wet central heating system with inline pump

Optional mattress extension available for all transverse island beds

The Lunar Story

Since 1969, we've been building caravans that redefine the standards of lightweight touring luxury. While our range has evolved and developed in that time, one thing has remained: the passion and pride that started it all.

From the start, Brian Talbot and Ken Wilcock knew that their caravans were exceptional. Even the name, inspired by the first moon landings, evoked a sense of endeavour and achievement. But back then, when our founders first opened the doors, they could never have foreseen what Lunar would become.

With the first models to roll out of the original workshop – from the flagship Clubman to the legendary little Ariva – the Lunar ethos was born: to build lightweight, high-quality caravans with luxurious interiors. In the 1990s, the business was sold to a European manufacturer, before a management buyout in 2007 brought back the company's independence. But even as the owners have changed, the ethos has not.

In recent years, pursuing that ethos has given us a focus on innovation. Both our caravans and our manufacturing processes have gone from strength to strength, with new technology and equipment allowing us to reach new heights of lightweight luxury.

While the future looks bright, we are very proud of our past. Never more so than when one of our very first models came home after 40 years of touring. For the owners, this Lunar Saturn, a compact two-birth model built in 1969, had become a real part of the family. But after so many years of exploring the UK, it was finally time to retire – and the family asked us to give it a fitting home. Of course, we were thrilled. It's not just a piece of our heritage, it's also a symbol of our enduring commitment to quality and craftsmanship, and the perfect inspiration as we look ahead to our future.

Design with luxury, then add *lightweight*

With the traditional skills that have passed from generation to generation of craftsmen, every caravan we build has an authentic and distinctive character. But the passion we have for technology means that we will always strive for new standards. For us, pride in our heritage goes hand in hand with a forward-thinking approach.

Over the years, we've honed our skills, embraced new materials and brought innovation into our factory at every opportunity. We've made significant investments to ensure that we have the equipment, software and research to drive new standards.

Using state of the art technology, like our 3D computer aided design software and sophisticated CNC routers, helps to ensure these technological advancements become our trademark.

Our caravan build is a synergy of traditional craftsmanship and modern high quality composite materials, ensuring the caravan is empowered with durability yet light in weight.

To find out more about how our caravans are built see the video at lunarcaravans.com/videos

Warranty

Lunar Caravans are supplied with:

- A 6 year body shell integrity warranty
- A 3 year manufacturer's backed warranty (specific exclusions apply).

(Subject to an annual service and inspection and excluding items subject to normal wear and tear).

Each Lunar model has been certified by the NATIONAL CARAVAN COUNCIL for compliance with stringent European Standards, British Standards and the industry set Codes of Practice that specifically relate to health and safety issues.

The approvals process covers the testing and inspection of all critical areas of the product from fire safety, weights and dimensions through to gas, electrics and ventilation. Every caravan carries the 'NCC Approved Caravan' badge that gives you the peace of mind in the knowledge that your caravan is both fully legal and safe.

Disclaimer

The contents of this brochure are as accurate as possible at the time of going to print. Lunar Caravans reserve the right to alter materials and specifications without prior notice. Please note the props and bed dressings are for photography purposes only and not supplied with the caravan.
