

AUTO TRAIL

2018 COLLECTION

INTRODUCTION

Together we're going places

Weekend city breaks, European tours, active adventures or relaxing retreats. Whatever adventure you choose in life, there is an Auto-Trail that is perfect for you.

We're committed to creating motorhomes that are as unique as you are, so this year we've added two new models to the range offering even more flexibility. We've also brought Tribute fully into the Auto-Trail family so you have more choice than ever before.

ENGINEERED BY the experts

At Auto-Trail we only build motorhomes, and we've been doing that for more than 35 years.

Over that time we've used our experience to develop innovative body construction techniques, including the unique Cube construction method, to ensure that when you buy an Auto-Trail you can travel in confidence and comfort. Our expertise, attention to detail and customer focus mean that we produce some of the best loved motorhomes in the UK. Read on to find out more and discover your perfect Auto-Trail.

AWARD

Winning

Auto-Trail motorhomes swept the board in the Caravan Club's Motor Caravan Design Awards, emerging as outright winner in four categories and adding to a growing tally of industry awards.

The Imala 615 and 730, Tracker EKS and Frontier Delaware beat strong competition from both UK and continental rivals to win all their respective classes.

WHY Auto-Trail

Find out more...

Visit www.auto-trail.co.uk

A SOLID reputation

Auto-Trail has been creating appealing, award-winning motorhomes for more than 35 years. We're ISO 9001 accredited, and all our luxurious vehicles are National Caravan Council approved.

UNRIVALLED choice

Your style, holiday choices and travelling companions are unique to you. With more than 37 models, and 69 layout options, you're sure to find a motorhome that is as individual as you are.

YEAR ROUND comfort

Clever storage and practical furnishings create a relaxing environment, while full insulation keeps you cool in summer and warm in winter, ensuring that you'll be in your element whatever the weather.

DISTINCTIVE styling

Stylish, fully coordinated living spaces combine with precision design and engineering to create distinctive, dynamic and desirable motorhomes that will turn heads wherever your travels take you.

COMPREHENSIVE specification

From air conditioning, to colour reversing camera and USB sockets, you can enjoy the journey in style, comfort and safety knowing every detail of your motorhome has been carefully considered.

SUPPORT you can count on

Enjoy carefree travel with our 10-year body construction integrity warranty, and relax knowing that life's little accidents can easily be resolved at our NCC approved workshop and accident repair centre.

EXPERIENCE

More

From exhilarating adventures in wide open spaces, to intimate mini-breaks in sun-kissed European towns, you want to get the most from every minute of your leisure time.

“We’re dedicated to creating motorhomes as **individual as you!**”

Auto-Trail’s innovative, distinctive and precision-engineered range of motorhomes reflect your individual personality and lifestyle. From the stylish Tribute, compact enough to use every day while still offering everything you need for an unforgettable getaway, to the outstanding Frontier range which is the ultimate in luxury touring; all our motorhomes are designed to give you more.

More luxury

At the end of a long day, you can relax in the luxury and comfort of thoughtfully designed interiors. The modern fabrics are inspired by nature to bring a touch of the outdoors into your living space, helping you to enjoy the freedom that touring brings.

We know you want to live life to the full, so we use hard-wearing materials and fittings, built by skilled technicians, so that not only does your Auto-Trail look stunning, but it is practical and durable too, giving you the peace of mind to be able to enjoy every moment of your holiday.

More choice

Our 2018 range includes two all new coachbuilt layouts; the Imala 732 and the Tracker LB, each carefully created to give you more choice and comfort. Both new models feature desirable island beds for travellers who appreciate luxury wherever they choose to spend the night.

No matter who you love to travel with, there is an option that will suit you perfectly. With a choice of 37 layouts which include double, single, bunk and island beds, U-shaped lounges, end bathrooms, and spacious kitchens, there is an Auto-Trail to accommodate everyone.

With with Media and Lux packs available on a wider range of vehicles for the 2018 season, you can customise your motorhome to make it as individual as you are.

More experience

We use our expertise, built up over more than 35 years building motorhomes in the UK, to ensure that every Auto-Trail motorhome lives up to our exacting standards and exceeds your expectations, so that you can enjoy carefree travels in style, safety and comfort.

We combine our knowledge and understanding with your experiences and feedback to keep on creating leisure vehicles designed to delight. So get ready to experience more.

The **TRIBUTE** Range

Tribute is now a fully integrated part of the Auto-Trail family. Built in our state of the art UK production facility, we're using advanced construction techniques to create stylish, distinctive and practical compact leisure vehicles that are built to last and always ready for adventure.

Sleek and stylish interiors provide the perfect base for your travels, and the Driver's pack gives you the option to include even more little luxuries, while the responsive engines let you tackle both country roads and motorways with equal ease.

Adaptable, affordable and agile, a Tribute enables you to make the most of every day and enjoy an active outdoor lifestyle with the ones you love.

AUTO-TRAIL

Standards

GRADE 3 classification

Auto-Trail goes to extraordinary lengths to ensure all its products meet the NCC EN1646-1 standard for thermal insulation and heating. This means the interior of our motorhomes will maintain +20°C even when the outside temperature has fallen to -15°C.

A

COMPOSITE body construction

- | | | |
|------------------------------------|--------------------------------------|---------------------------------|
| 1. Polystyrene core | 5. Hard-wearing vinyl floor covering | 9. Polyurethane lower rail |
| 2. Embossed wall covering | 6. Weather-proof panel | 10. Bespoke aluminium extrusion |
| 3. Extruded PVC | 7. Styrofoam core | |
| 4. Impact resistant GRP outer skin | 8. PVC outer skin | |

FIAT Ducato

Auto-Trail has worked with Fiat for more than 20 years and the Fiat Ducato has been Britain's favourite foundation for motorhome conversions for the last decade.

During that time, Fiat has worked in collaboration with many of Europe's leading motorhome converters to refine the Ducato chassis and make it the most motorhome-friendly base vehicle on the market.

THE BENEFITS OF driving Fiat:

- ✓ Built at Atessa – the largest and most advanced commercial vehicle manufacturing plant in Europe
- ✓ Stylish car-like design touches like the narrower headlight lenses and LEDs
- ✓ Re-engineered power steering and uprated brakes
- ✓ Cruise control with speed limiter as standard (speed limiter n/a on 180bhp)
- ✓ Cab air conditioning
- ✓ Optional Comfort-Matic transmission

Issue 1 October 2017

Date & accuracy: The contents of this publication are as accurate as possible at the time of going to press (Oct 2017), but this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Details of performance, dimensions and weights are subject to minor deviations within factory tolerance limits (max +/- 5%).

Specifications & discrepancies: Auto-Trail VR Limited reserves the right to continually alter product or equipment specifications, prices and model ranges as materials and conditions demand, including during the course of a model year. This may affect the appearance, unladen weight and other specifications, and therefore some discrepancies may arise between the published information and the model supplied. Colours shown in our brochures are representative only.

Please note, this brochure is only a guide. For the latest information on our motorhomes please visit our website www.auto-trail.co.uk.

Optional extras: Photographs may show vehicles fitted with optional pack(s), other optional extras and may contain photography props not included in the standard specification of the vehicle. Optional packs and extras are available at extra cost, quoted in the current Auto-Trail price list.

Conformity: All motorhomes in this brochure conform to the European Standards for Motorhomes: EN1646 -1, EN 721, EN1949 and EN 1648-2. They have also been granted European Whole Vehicle Type Approval to EC Directive 2007/46. We would strongly advise against modifying vehicles in any way that could affect the validity of these Standards or Directives.

Comfort-Matic gearbox: The Comfort-Matic gearbox (if specified) is an electronically controlled manual gearbox that has two modes 'manual' and 'automatic'. In 'manual' mode the driver is responsible for choosing the most appropriate gear depending on the vehicle operating conditions. In 'automatic' mode the gearbox will shift the gears based on the vehicle speed, engine rpm and the pressure applied to the accelerator.

The accelerator must not be used to hold the vehicle on any hill as doing so will cause the clutch to burn out prematurely.

For more information on the Comfort-Matic gearbox please refer to the handbook supplied with your base vehicle.

Satellite navigation aid: Your vehicle may be fitted with an audio/visual navigation aid. This navigation aid is designed to assist the driver whilst travelling, and it is not meant to replace a driver's self-judgement as to the suitability of a specific route for their vehicle. Navigation systems must always be used in a manner which does not affect the driver's ability to drive safely, and does not affect the safety of other road users.

Private exporting/importing: Auto-Trail motorhomes are designed and manufactured to operate in a specific country or region, and therefore it is imperative that when purchasing a new vehicle the buyer is fully aware of the design and operating parameters of the product. Vehicles purchased in the UK are not only built to the necessary European Directives and Standards (e.g. ECWVTA – type approval), but are equipped with components that are designed to operate in a typical European temperate climate.

Should a buyer choose to export a registered vehicle from the UK, or purchase a vehicle from a non-aligned dealership outside the UK, it is their responsibility to ensure that any required modifications have been completed to the correct standard, and that the vehicle complies with all legislation of the country in which the vehicle is to be registered. Any equipment that is operated in a country that it is not designed for may not perform correctly and could fail. This equipment may also not be covered by the appliance manufacturer's warranty.

Similarly, Auto-Trail vehicles are designed to be used on normal tarmac roads, with occasional off-road campsite use. Should a vehicle be used outside of these conditions, the vehicle could suffer undue load, stress and ingress of debris, and this could cause damage or failure. This could invalidate any applicable manufacturer's warranty and Auto-Trail will not be held liable for any such damage or failure.

Auto-Trail distributors and retailers: Our distributors and retailers are not agents of Auto-Trail VR Limited, and have no authority to make representations or commitments on our behalf. Please contact us if you require any clarification of any contents in this brochure.

Recycling: This brochure (if in printed form) uses sustainable resources. When you have finished with this brochure please recycle it.

Trademarks: Auto-Trail is the registered trademark of Auto-Trail VR Limited. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Auto-Trail VR Limited is under licence.

iPod, iPod touch and iPad are trademarks of Apple Inc. registered in the US and other countries.
